NOW RECRUITING

Growing Responsibly

In September 2022, we'll be offering a new Customer Experience through our Pit Pass store concept in Georgia, and we're looking to Make More Dreams Come True by giving Our People the exciting opportunity to help open the store and make it a success!

WHAT IS PIT PASS?

The Pit Pass store aims to deliver a faster, self-guided, digital experience by focusing on BOPIS and Appointment Customers. This is a smaller footprint store, receiving nightly deliveries of the right product and stock to support Our Customers' planned visits.

By focusing on enhancing the service side of the business and empowering Our Customers through this Pit Pass experience, Our People will also see benefits through more consistent schedules and a greater work-life balance.

REQUIREMENTS

We are looking for up to 26 employees to help us open the new Pit Pass store in Georgia in September 2022.

Employees must:

- Currently be at the Apprentice Tech level or above
- Be willing to work full-time at 40 hours per week
- Commit to a minimum of 2 years at this new location

TO APPLY

If you are interested in this exciting opportunity, please complete the [Regional Job Opportunity Form](#) for the Georgia Region, and select the Pit Pass Store.

ALL employees who complete the form for the Pit Pass store will receive an interview.
