

# St. Patrick's Day

March 17, 2023

## DID YOU KNOW

- Tradition holds that Ireland's patron saint, who brought Christianity to Ireland, died on this date in A.D. 493 at the age of 106.
- The anniversary of St. Patrick's death is celebrated as a national holiday in Ireland and the color green signifies the undying gratitude to his memory.
- St. Patrick's Day is celebrated by people of Irish descent all over the world as an expression of pride in their heritage.
- The shamrock is worn to commemorate its use by St. Patrick as a symbol of the Trinity.
