Sundown, September 24, 2023 - Sundown, September 25, 2023

## DID YOU KNOW

- Yom Kippur (Day of Atonement) is the holiest Jewish holiday and is a day of fasting, prayer, and repentance. It is also common for Jews not to work on the night before and the day of Yom Kippur.
- The last service of Yom Kippur, the Closing, occurs as the sun begins to set. This marks the sealing of the Book of Life for the ensuing year and worshippers turn from the past to the future.
- “May you be sealed in the book of life” and “Good yontif” are common greetings.
