

## What's the Discount Tire Archive?

The DT Archive is the home for photos of Discount Tire events taken through the years. If you have photos of corporate events (parties, picnics, and luncheons), charitable events, departmental celebrations or just pictures of the entire crew, they can be scanned and added to the company archive.

### Electronic Photos

If you have electronic photos, send them via email to Archive/Discount Tire/US and provide us with some information about the photos (who, what, when, where), and they will be added to the DT Archive.

### Hard Copy Photos

If you have hard copy photos, send them via inter-office to Corporate Services – Archive and provide us with your sending information as well as some notes about the photos. They will be scanned and added to the archive as time permits and returned to you upon completion.

### Questions?

Email us at **Archive/DiscountTire/US** with questions or to set up scanning of your department's photographic memories.
