

CORPORATE SERVICES

Lost & Found

Corporate Services Manages Lost & Found Items!

If you have lost something, we might be able to help.

All found items that have been turned in to the Security Desk are brought to Corporate Services. Once received, the items are photographed and posted on the Bulletin Board page under the Lost & Found header.

If you find something, please bring it to Corporate Services immediately and let us know where and when you found the item. We will post the item on the Lost & Found page and do our best to ensure that the item is reunited with its proper owner. Lost and Found items 90 days and older will be removed and donated. Lost and Found money 30 days and older will be removed and donated to the BTHAF.

If you find yourself missing something, please post information about your lost item on the Bulletin Board page.

We have quite a few items in our Lost & Found. Please take a peek at the Lost & Found page or contact us at X66116 to see if we might have any of your precious items.
