

## ***Executive Health & Company Wellness***

### **Mission Statement**

**Executive Health and Company Wellness:** To provide consultative and unbiased medical navigation in a collaborative manner with the medical community in the best interest of the Discount Tire, America's Tire, and Tire Rack employees and their family members. To provide referral options and programs to engage the individual and enhance their personal health lifestyle to reach personal optimal health.

**Executive Preventative Health Program:** To provide a preventive and proactive approach to medicine that will educate, guide, and support all of our Discount Tire, America's Tire and Tire Rack Executives to optimize their health. The creation of a Personalized Health Strategy generates an awareness of needs and a method to engage the Executive into a course of action.

**Corporate and Regional Case Management:** Provide medical navigation for Discount Tire, America's Tire, and Tire Rack employees and their families with complex medical conditions in both corporate and regional locations in order to provide the best possible outcome for the patient.
