

DC - Searching Products using the Manage Product Tile in FSA

**Introduction** The Fiori Sale App (FSA) is a product of SAP. It is an online application that interfaces with the order management system for Discount Tire.

**Purpose** The purpose of this document is to offer employees options for searching products, such as tires and wheel, using the Manage Products tile in the FSA.

**Searching Tires Without Article Number** Follow these steps to search using the Manage Products tile if the article number is unknown:

Step	Action
1	<div>Click on the 'Manage Products' tile from the dashboard.</div> <div></div>
2	<div>On the left of the Products List page select the appropriate width, aspect ratio, diameter, and brand from the drop-down menu within each field. Click <b>Go</b>.</div> <div></div>

## Searching Tires Without Article Number (continued)

3

The search results will be displayed to the right in a detailed list. Determine the tire that you need to identify and program the article number into SRS.
