| Note  | <p>You can select the email icon on the hot bar at the top, by either clicking the email symbol OR the down arrow and selecting <b>email</b></p>    |
| 23  | <p>Use the following template for the email:</p> <p><i>Subject: Aged Submission STO/SKU ID</i></p> <p><i>Hello,</i></p> <p><i>Attached is a list of the submission's you sent over, please label the corresponding tires with the SKU ID for identification purposes.</i></p> |
| <b>Errors on submitting or processing the STO from site to DC:</b>  |   |
| <ul style="list-style-type: none"> <li>If an STO gives an error indicating that the <i>article cannot be transferred</i> when creating the store transfer, you will need to remove the article from the STO.<br/>(I suggest putting a number in the STO field in the DTA Program user app, to indicate it is <b>NOT</b> being processed. Continue to process the rest of the sites &amp; articles normally. When everything that can be processed has been - copy all the sites and articles that were not able to be transferred and send an email that they were not able to be processed due to unavailability. Be sure to cc Addam Templeton and Alisha Barton)</li> <li>If you created an STO but could not post the goods issue due to not enough of the article being available, you will need to delete the article using ME23N in SAP first, then follow the same process as above - from putting an indicator in the DTA program</li> </ul> |   |
