

eBay Tracking

Description:

How to handle eBay 24hr & overdue tracking.

Guidelines:

Certain actions will need to be performed based on the product type, and tracking issue.

Process:

STEP	ACTION
1	Go to the Manage orders awaiting shipment – 24 hours page on eBay
Note:	<i>These are eBay orders that must ship and/or have tracking info added before the end of the day. Some orders may get tracking added automatically throughout the day.</i>
2	Go through the results list by searching each order number in FSA, and check the tracking or notes tab to see if any tracking info is available
3	<p>If there is tracking info ready, add it to the eBay order by clicking + Add tracking</p> <div>  <p>2 New 245/60-15 BFGoodrich Radial T/A E4 60R R15 Tires 191124817359 Custom label (SKU): 2X38717 + Add tracking</p> </div>

Note:	<i>FedEx is our primary carrier service. Occasionally, you might see a UPS# (18 characters long beginning with "1Z") and some accessory items are shipped through Meyer Distributing (Ex: DADL972629) Be sure to select those carriers when adding the tracking to the eBay order. This is important so the customer gets accurate transit updates. You can visit Meyer Distributing or Google to view those shipments.</i>
5	<i>If there are orders that don't have tracking information available by the end of the day, send each customer the following message: Hello, Thank you for contacting Discount Tire Direct. Your order will be shipped soon! We greatly apologize for this delay. Once your order has been shipped you will receive the tracking information added to the order. Please reference the transit updates & ETA there. Thank you for your patience and understanding!</i>
Note:	<i>If any of the orders without tracking were a Drop Ship, we must wait 48hrs before emailing DTD_Followup to ask for a tracking update. These orders are now classified as "overdue" on eBay.</i>
6	<i>When handling overdue tracking orders, go to the Awaiting Shipment – Overdue page on eBay</i>
Note:	<i>These are eBay orders that still do not have tracking added to them. We will need to follow up on them to obtain the tracking and get them out of the overdue list.</i>
7	<i>Go through the results list by searching each order number in FSA, and check the tracking or notes tab to see if any tracking info is available</i>
8	<i>If there is tracking info ready, add it to the eBay order by clicking + Add tracking (see Step 3). This will remove it from being in overdue</i>
9	<i>If there are orders that have been drop shipped and in overdue for 48hours, send an email to DTD_Followup, and ask for a tracking update. Be sure to leave an FSA note stating you emailed them for tracking</i>
10	<i>Once they respond providing the tracking info, add it to the eBay order</i>
11	<i>If there are overdue orders sourced from a DC, email the DC and ask for a tracking update. Be sure to leave an FSA note for this too</i>
12	<i>Once they respond providing the tracking info, add it to the eBay order</i>
