

# QUICK GUIDE TO MICHELIN® TIRE WARRANTIES

At Michelin, we engineer some of the most technologically advanced tires in the industry, so naturally we're able to stand behind them with one of the most comprehensive warranty packages. As part of the Michelin Promise Plan,™ we offer a limited mileage warranty\* on virtually every tire we make. It's one reason why drivers are able to purchase a set of MICHELIN® tires with greater confidence.

Please refer to this handy guide any time you need to look up warranty information for specific MICHELIN® tires. Tire speed ratings, seasonal type and mileage coverage are all included in the chart for your reference. You will find it particularly helpful in explaining the differences in warranty coverages among various models of tires to your shoppers.

Look for more information in your Data Book or at [michelinman.com/promise](http://michelinman.com/promise). And don't forget to utilize the great assets on [MichelinDealerConnect.com](http://MichelinDealerConnect.com) to get the word out to your prospective shoppers about this great coverage plan. Michelin Connect even has a high-impact two-minute video on the Michelin Promise Plan™ that you can download and put on your own website.

\* The limited mileage warranty is subject to all conditions and limitations contained in the applicable Michelin Owner's Manual under MICHELIN® Passenger and Light Truck Tire Limited Warranty.

Excludes DOT-approved competition tires (e.g., MICHELIN® Pilot® Sport Cup tires). Mileage warranties apply to tires that come as original equipment on model year 2011 and later vehicles. Some vehicles come from the vehicle manufacturer with "split fitments"—meaning different size tires on the front and rear axles. Because these tires cannot be rotated as recommended by Michelin, the mileage warranty on each rear tire will cover half the number of miles as the standard mileage warranty for that particular tire design. ZP (Zero Pressure) tires have the same mileage warranty as the standard tire line they are part of, but not to exceed 30,000 miles. PAX® System tires are covered by a 36,000-mile warranty. MICHELIN® Winter tires require documentation of the timing of the installation and removal of the tires each winter to maintain coverage under the limited warranty for treadwear. Winter months is defined as the period beginning on or after September 1 of a given year, and ending no later than April 30 of the following year.

\*Tire also had a limited mileage warranty prior to March 1, 2011.
