

## Preparation

- Print this guide.
- Once the learner has completed the course (approx. 30 min.), ensure you are in a location where you can have an uninterrupted conversation.
- Your goal is to provide context and reinforce the information provided in the course.
- If you are unfamiliar with any of the course content, please revisit the module for clarification prior to conducting this mentorship session.

## Discussions

After the module, discuss:

- |   |  |
|---|--|
| <input type="checkbox"/> How to identify specific vehicle information | <input type="checkbox"/> Four factors of installing and servicing aftermarket wheels |
| <input type="checkbox"/> Working with staggered fitment               | <input type="checkbox"/> Working with AWD or 4WD vehicles                            |
| <input type="checkbox"/> Working with dual wheel fitments             | <input type="checkbox"/> Four factors of OE replacement                              |

## Demonstrate

- |   |  |
|---|--|
| <input type="checkbox"/> Identifying model, year, and trim level      | <input type="checkbox"/> Test fitting new wheels             |
| <input type="checkbox"/> Using the Air Pressure Calculator on POS/CSL | <input type="checkbox"/> Using the Load and Inflation tables |
| <input type="checkbox"/> Additional fitment tools                     |  |

## Practice

(minimum reps)

<input type="checkbox"/> Identify model, year, and trim level of vehicle	X10
<input type="checkbox"/> Test fit new wheels on vehicle	X5
<input type="checkbox"/> Use Air Pressure Calculator	X10
<input type="checkbox"/> Using Load and Inflation tables	X10

## Review Best Practices

N/A

## Requirements for Certification

This course requires completion of:

- |   |  |
|---|--|
| <input checked="" type="checkbox"/> eLearning | <input type="checkbox"/> Assessment                  |
| <input type="checkbox"/> Acknowledgement      | <input type="checkbox"/> Observation (Store Manager) |
