

How to Adjust Screen Resolution for Windows 10

Introduction

The first time you log into your station after Windows 10 has been installed, you may notice that your screen resolution is too small. Having the correct screen resolution will provide a better viewing experience for Our People and Our Customers.

Procedure

Follow these steps anytime you need to adjust screen resolution:

Step	Action
1	<p>Locate and click the Screen Resolution icon on your desktop.</p>  <p>This will open a folder listing three screen resolution options.</p> 
2	<p>Double-click the option you prefer. This will automatically adjust your screen resolution.</p> <p>Note: 1920x1080 will provide full-screen resolution for a 24-inch monitor.</p>
