

# How to Get the Most from your VIRTUAL TRAINING

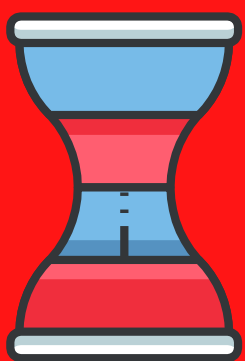

## WHAT EQUIPMENT DO I NEED?

To enhance your learning experience and minimize distractions, we encourage you to bring your own **headphones with a mic** for each day of virtual training.

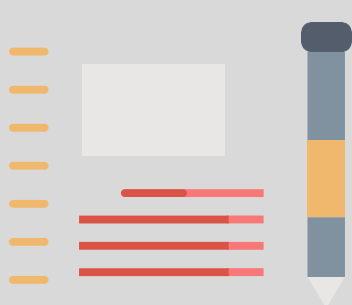

To order, contact [support@discounttire.com](mailto:support@discounttire.com)

## WHEN SHOULD I GET THERE

To make sure you are able to log in and all of the equipment is functioning properly, we ask that you arrive to your virtual classroom **15 minutes prior** to start.

## WHAT CLASS MATERIALS DO I NEED?

To help you learn and retain the information, please make sure you have paper and a writing utensil to **take notes** with.

## DO I NEED TO DO ANYTHING ELSE?

Following class each day, you should observe **demonstrations**, as well as engage in **hands-on practice** opportunities to help reinforce the concepts learned in class each day.

WE LOOK FORWARD TO  
LEARNING WITH YOU!
