[2] This example is based on an actual pet insurance claim from a Nationwide member who was enrolled prior to the introduction of the new Avian & Exotic Pet plan. The claim was reimbursed according to the plan in which the member was enrolled at the time. Amounts shown here reflect how reimbursement would be calculated with the Avian & Exotic Pet plan with a 70% reimbursement and a \$250 annual deductible already met on prior claims. Nationwide does not determine the amount a veterinarian may charge; that amount will vary by region and veterinary practice.
