

Air Check Environment and Traffic Flow FAQs

Q **When will the signs be available?**

A Signs are available now.

Q **Where do I go to order the items I need for air checks?**

A You can find all Air Check Supplies on the KC Order page. There is a new dropdown for ALL air check supplies.

Q **Where do I order the new banners, signs and air check cards?**

A Visit the new Air Check Supplies on the KC Order page and click the Signs and Banners link.

Q **I already have the air check stand up cones. Can I just order the stickers?**

A Yes, the new stickers fit on the existing cones. You can order the stickers on [DTPrints](#).

Q **How soon will I see the effect of the changes?**

A You will see some improvement immediately, but some customers are used to going to a certain place and don't read signs. We have seen that it takes those customers about two months to begin following the new air check traffic flow.

Q **What was that mobile air check machine I saw?**

A That is a prototype machine built for us by Haltech. We are in the process of finding a manufacturer to build us a cost effective unit for our stores.

Q **I have more questions about my environment/setup. Who do I contact?**

A Stuart.wimer@discounttire.com
