

Fitment & Technical New Product

**Huf Intellisens**  
**Article#: 37500 & 37501**

**Features and Benefits**

- 2 Intellisens part numbers cover 11 OE sensors reducing inventory and ensuring same day availability.
- Intellisens are programmed quickly by Bartec scan tools.
- Affordable costs means common retail pricing with all other sensors making it easy to quote to customers.
- Huf Programmable sensors covering Huf OE sensors guarantee vehicle compatibility

**Example**

**Intellisens must be  
programmed prior to use  
using the same process as the  
EZ-Sensor.**

- 1) Select vehicle**
- 2) Go to PROG Box**
- 3) Place Sensor in front of scan tool**
- 4) Execute programming process**
