

## Product and Safety Alert

**Number:** 02-0311

**Subject:** Dodge 2500 Spacer

**Filing Instructions:** File in the Automotive Service Operation's Notebook **2001 Dodge 2500 (8 lug)** – This vehicle may contain a factory equipped spacer found only on the right side of the vehicle. This spacer will contain a "Dodge" stamp and is required to stay on the vehicle per the manufacturer.

When replacing tires, cross rotating or removing assemblies for repair, make sure the spacer is put back in its original hub position.

**DO NOT REMOVE OR PLACE SPACER ON LEFT SIDE OF VEHICLE UNDER ANY CIRCUMSTANCES.**
