## 2015-2018 FORD EDGE TORQUE CHANGE 2016-2018 LINCOLN MKX TORQUE CHANGE

### Torque-165 ft lbs

Ford Motor Company's second generation Ford Edge (2015-2018) and Lincoln Motor Company's second generation MKX (2016-2018) are on a new platform. Be advised that the torque value has changed from **100 ft lbs to 165 ft lbs**.

\*Please be aware you may encounter an early model 2015 Ford Edge Owner's Manual originally listing torque at 150 ft lbs. Ford Motor Company has since revised to 165 ft lbs.
