

Identifying GSA Fleet Customers (Acct. #44005)

Introduction

It is important to identify GSA Fleet customers, because you will use Auto Integrate to authorize and process GSA Fleet transactions.

Note: We do not accept WEX cards for payment. For non-GSA Fleet customers, you will need to ask for another form of payment or help them apply for a fleet account.

License plate

Nearly all GSA Fleet customers have this license plate on their vehicle:

If the vehicle displays this plate style but Auto Integrate does not recognize the VIN, call the Service Desk (800-366-4399) or the Fleet Team (866-895-8032) for assistance.

GSA SmartPay3 card

GSA Fleet drivers should have this card:

This card must have:

- GSA SmartPay 3 logo
- USA insignia

If the driver presents this card, but Auto Integrate does not recognize the VIN, call the Service Desk (800-366-4399) or the Fleet Team (866-895-8032) for assistance.

Contact

For questions on GSA Fleet vehicles, call the Discount Tire Fleet team at 1-866-895-8032.
