GOGO® TEXT & TALK
iPhone

BEFORE YOU FLY

DOWNLOAD AND INSTALL

1 Go to the App Store and search for Gogo Text & Talk.

2 Download the app by clicking **GET** and then **INSTALL**. After the download, click the Gogo Text & Talk icon to begin the one-time ground registration process.

GROUND REGISTRATION

While you're on the ground, you need to register your phone to roam on the Gogo Biz® network.

1 Open the app and follow the on-screen instructions. Some iPhones may require an extra step. Be sure to follow the on-screen instructions.

2 A text message to Gogo Business Aviation will be generated to complete registration. Click **Send** to send the text. Do not modify the contents of the text message.

3 You will see the **SETUP SUCCESS** screen when ground registration is complete.

INFLIGHT USE

To use the app, open when you are 10,000 ft. above ground level.*

1 Set your phone to **Airplane Mode**, enable Wi-Fi and connect to the aircraft Wi-Fi network.

Service unavailable? Use your phone to check connection availability by choosing: **More > Network Status.**

*In Canada, Gogo Text & Talk is compatible with these carriers: Bell Canada, Rogers Wireless, and Telus Mobility.
