

POS Patches Q3 2023

Your store will receive an update for the POS. Please review these changes with your team.

Important: Keep your workstations powered on so they can receive the update.

- **CSL Enhancement** – Yellow color indicator has been removed from Promise Time.
- **Twinquiry Sort Order** – Sort order has been changed to improve readability.
- **QR codes on all work orders** – This allows for faster viewing of articles in Inventory Scan Out.
- **Active Bays Entry** – Manual entry for number of bays must be between 1-10.

CSL Enhancement

Promise times will no longer show a Yellow advisory color to indicate you're getting close to your appointment. The time will remain Green until the promise time is exceeded, then it will turn to Red.

QR Codes on All Work Orders

Bar codes will no longer appear on work orders. Moving forward, work orders will have a QR code at the bottom, just like BOPIS orders do now. This will allow you to view articles on Inventory Scan Out faster.

Active Bays Entry

Manually keyed bay numbers are now limited from 1 to 10. If a number higher than 10 is keyed in, it will populate this message.

IF YOU NEED HELP contact the Service Desk at 800 366-4399 or email Support@discounttire.com.
