

POS Update – Wiper Fitment

Your store will receive an update for the POS. Please review this change with your team.

Important: Keep your workstations powered on so they can receive the update.

- **Wipers added to Twinquiry** – Find, select, and add wipers to the order without leaving POS.

Wiper Blade Fitment

We have added Wipers to fitment for easier access.

On the Store POS, enter the vehicle, then select **NEXT** in Fitment.

The new WIPERS tab displays:

The Wipers listed on the Wipers tab are the wipers that will fit the vehicle:

LOC = Location on vehicle
F = Front
D = Driver side
P = Passenger
R = Rear

Select the wipers you need and update the quantity.

The Wipers (along with any other items) will then be added to **Detail** items.
